Color Blindness Simulation

Color vision deficiency is a very complex topic, and I could not describe the different causes any better than Wikipedia does, so if you want to learn more, you should check out their [article about color blindness](#).

Dichromacy

A vertical bar on the left side of the page is divided into three colored sections: a light cyan top section, a light orange middle section, and a light pink bottom section. To the right of these sections are three text blocks, each corresponding to a color vision deficiency type. Each block contains a bold title and a set of three numerical values in blue text.
